## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior arts fail to teach or fairly suggest an erasing method for a non-volatile memory device which includes the steps of "setting the non-volatile memory to an erased threshold voltage  $V_{tE}$  by applying a first voltage to the gate, applying a second voltage to the drain, applying a third voltage to the source, and applying a fourth voltage to the substrate so that electrons are pulled out from the electron-trapping layer into the channel of a memory cell utilizing a negative gate F-N tunneling effect in an erasing operation".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
